Hochschulzentrum
an der Friedrich-Alexander-
Universität Erlangen-Nürnberg

Announcement:
BaCaTeC - Summer School 2008

High-Tech for Students from Bavaria and California
Deadline: October 15th, 2007

The Bavaria California Technology Center, BaCaTeC (www.bacatec.org) promotes the **cooperation between Bavarian and Californian university- and research facilities** in the high-tech areas of life sciences, information- and communication technologies, new materials, environmental technology and mechatronics. BaCaTeC is funding a **Summer School 2008** in one of those areas.

Date: 5 to 10 working days
between July and September 2008

Participants: ca. 20-30 Students and Students in PhD-programs
from Bavaria *and* California

Application forms for the BaCaTeC - Summer School 2008 are available at www.bacatec.de. Suggestions may also be turned in informally. BaCaTeC covers travel and accommodation expenses of the speakers as well as stipends for students. **Participating universities are expected to share in expenses. Summer School participants should come from Bavaria and from California. The idea of cooperation between Bavaria and California ist to be pointed out in the application.** Applications including topic, estimated expenses and schedule outline will be accepted by BaCaTeC **until October 15th 2007** by email, letter or fax. Criteria for the selection (by the end of November 2007) are as follows:

- Attractiveness of the topic
- Internationality of the participants

Please note the new address of the BaCaTeC office: Henkestr. 11, D-91054 Erlangen, Germany.
Office California: Dr. Eva-Maria Harré, 170a University Avenue, Stanford, Palo Alto, CA 94301, USA.

Managing Director:

Dr. Rainer Rosenzweig
